If you're a whisky or whiskey lover, you'll enjoy this tasting hosted by *L Magazine* scotch whisky column writer and Certified Whisky Ambassador Mark Feit. Mark and his father have collected over 700 bottles of scotch, as well as some Irish whiskey and bourbon, and you can sample some of the best. This tasting can be customized to your guests, with options available from around the world. You could sample scotch from the 5 different whisky regions: Lowlands, Highlands, Speyside, Islay, and Campbeltown. Or, take a trip through bourbon country to a hand-filled cask from Maker's Mark. The centerpiece of the evening to celebrate 25 years of Spring Creek Prairie is a 25-year-old single malt from Glenlivet. You'll learn more about how whisky/whiskey is made, and what makes these selections special. This tasting can be done at your home or be hosted at Spring Creek Prairie Audubon Center, you just supply the guests! Each of the pours will also be expertly paired with food provided by RELISH.
