In 1961, George and Ruth seized an opportunity to buy their

first restaurant. With no formal training and only Ruth's warm and gracious hospitality and George's natural command of the kitchen, the two proved a great team. With their kids growing up serving guests and learning first-hand about hospitality and delicious food cooked to order, the Culver family's team approach became the model of many successful restaurants to come.

Spring Creek Prairie Audubon Center's former Board Member, Cindy Rose, is the owner of our three great Culver's locations in Lincoln.
