Robinette Farms is a diversified, commercial, small-scale, family farm in Martell, Nebraska, 15 minutes southwest of Lincoln. We grow over 80 varieties of vegetables without the use of synthetic pesticides, herbicides, or fertilizers. In addition to vegetables, we have a flock of pastured laying hens, custom graze cattle, and a small apiary.

Robinette Farms seeks to sustainably produce a diversity of high quality farm goods for sale locally. We strive to build a profitable business that minimizes off-farm inputs, reduces our detrimental impact on the environment, and educates our community about the food we eat and enjoy. Through hard work and managed, sustainable growth, we intend to create a farm that supports our family and community for generations to come.
